

# The Farm to Fork Strategy: moving towards sustainable food systems

*Pasquale Di Rubbo*

*DG AGRI*

**29 March 2022**

*Unit A1 Policy Perspectives*

# Farm to Fork Strategy: overall goals

climate  
footprint

global  
transition

new  
opportunities

resilience

Reduce the  
**environmental and  
climate footprint of  
the food system**

Lead a  
**global transition towards  
competitive  
sustainability from farm  
to fork**

Tap into  
**new  
opportunities**

Create a **robust and  
resilient food system**

# The Green Deal Targets (F2F and Biodiversity Strategies)

Reduction by 50 % of the overall use and risk of **chemical pesticides** and reduction use by 50 % of more hazardous **pesticides** by 2030

Achieve at least 25 % of the EU's agricultural land under **organic farming** and a significant increase in **organic aquaculture** by 2030

Reduced sales of **antimicrobials** for farmed animals and in aquaculture by 50 % by 2030

Reduce **nutrient losses** by at least 50 % while ensuring no deterioration in soil fertility; This will reduce use of **fertilizers** by at least 20 % by 2030

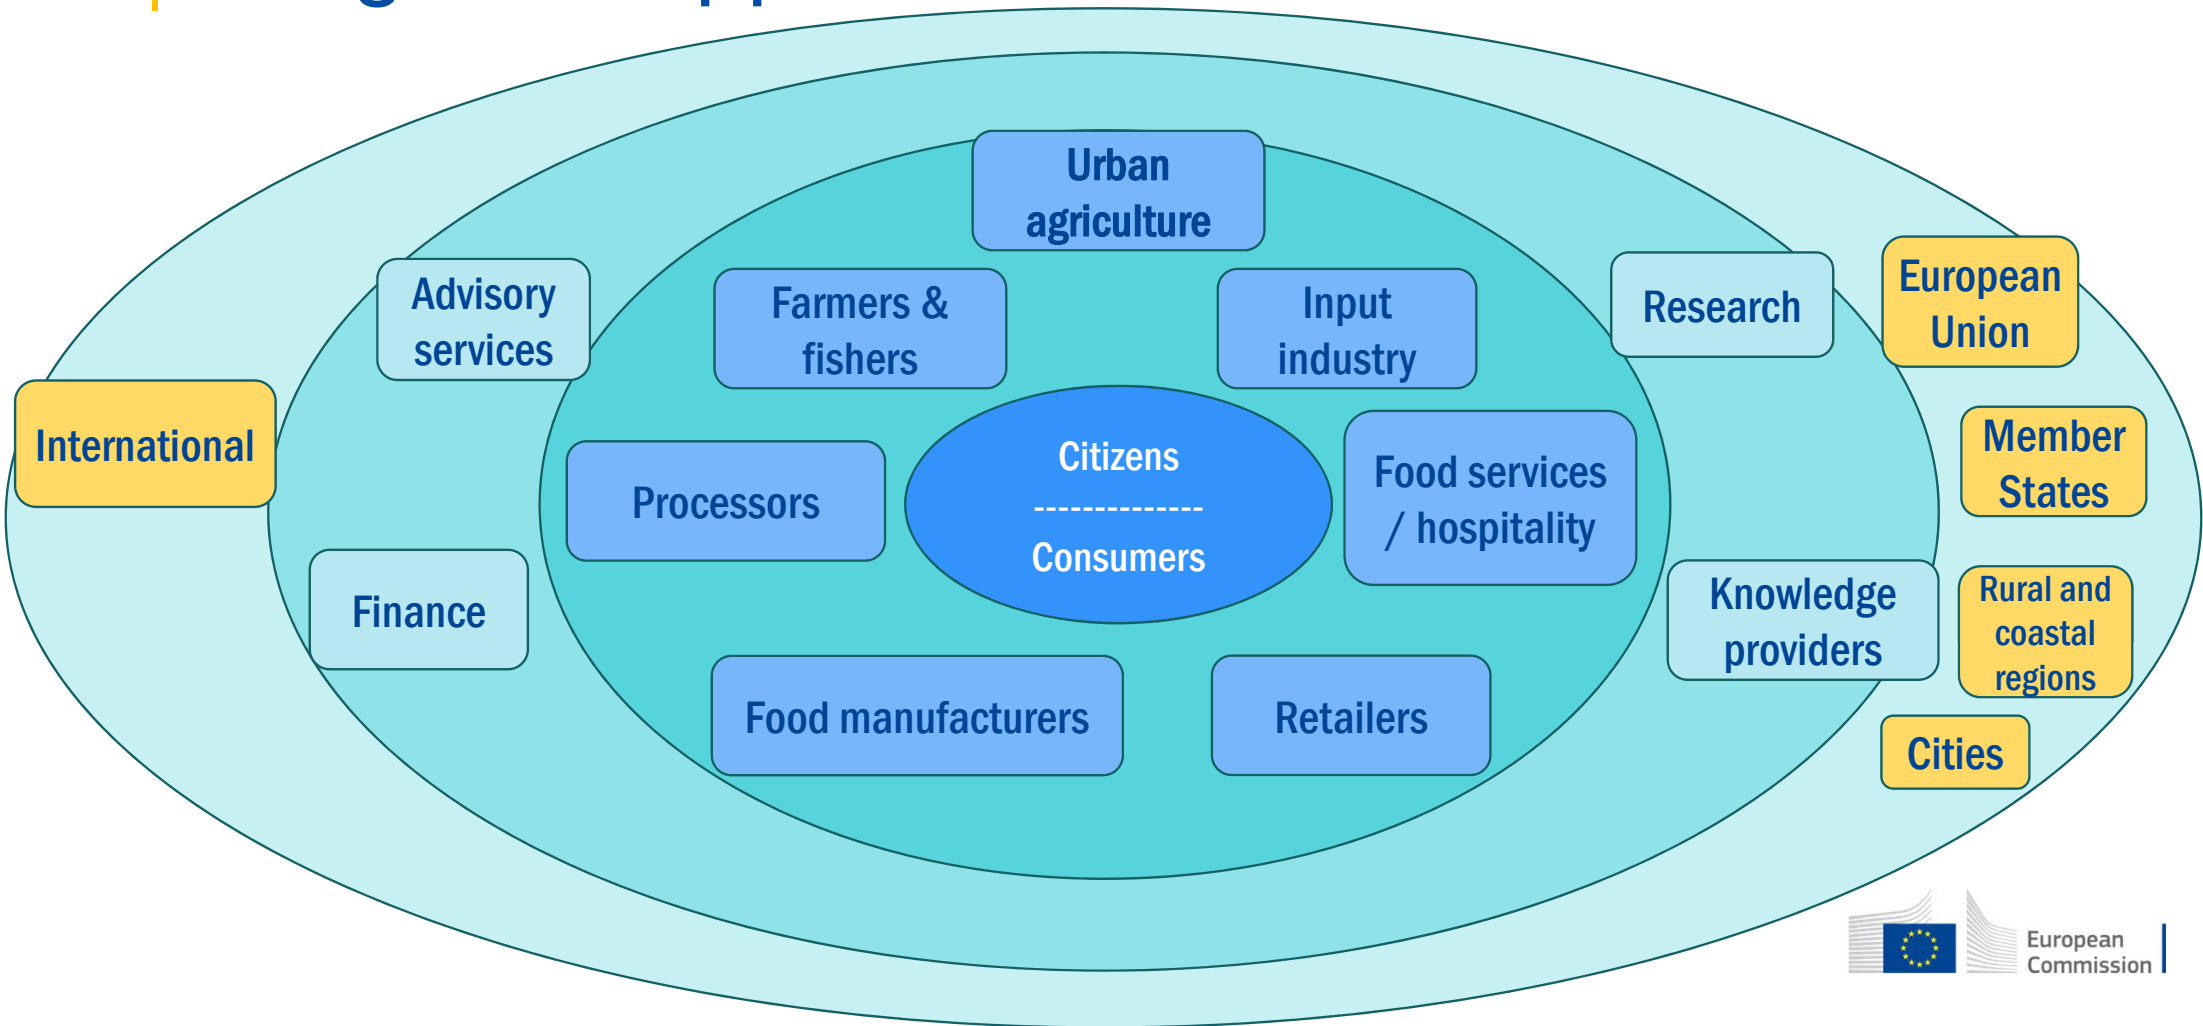

Making back at least 10 % of agricultural area **under high-diversity landscape features** by 2030

Achieve 100 % access to **almost broadband internet** in rural areas by 2025

# Integrated approach from farm to fork needed

# Legislative framework for sustainable food systems *(Commission proposal by 2023)*

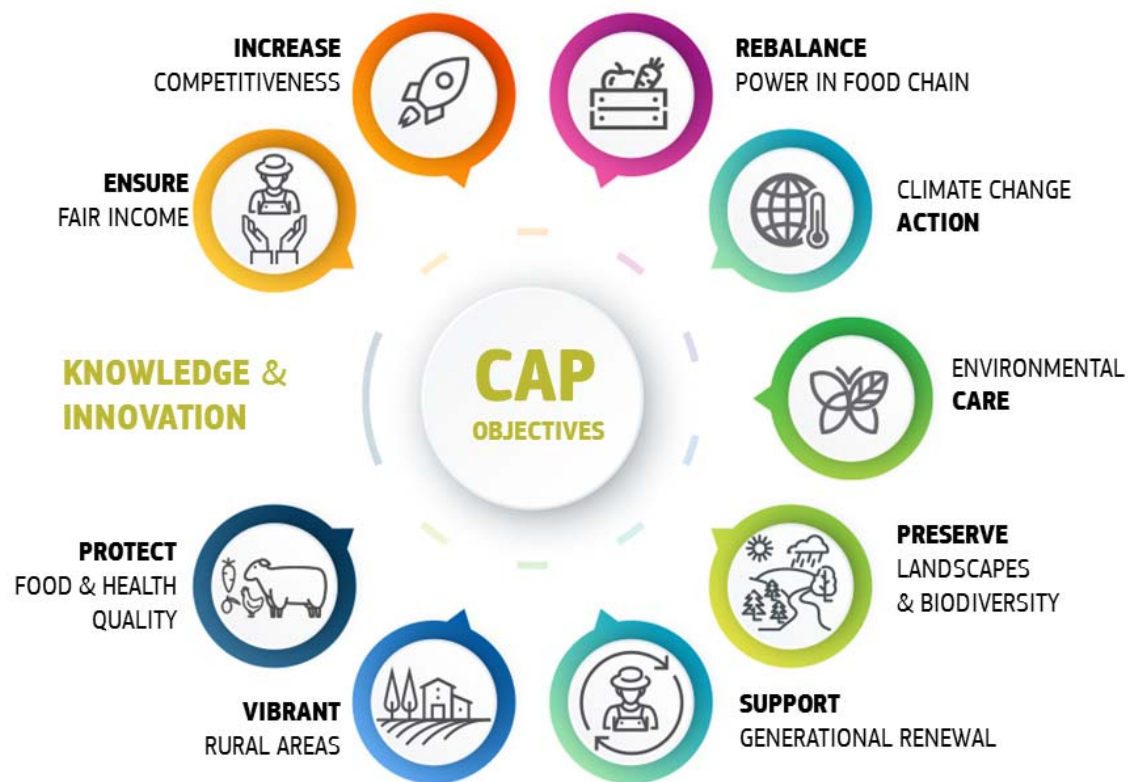

1. A horizontal framework of **general principles, definitions and minimum requirements** for the sustainability of food systems
2. **Clear responsibilities** for all actors in the food supply chain
3. A basis **for ensuring policy coherence** at national/EU level
4. Provisions on **governance, collective involvement** of stakeholders
5. A general framework for **sustainable food labelling**
6. **Mandatory minimum criteria** for public procurement
7. **Public consultation in April 2022**

# The Common Agricultural Policy 2023-2027

- Cooperation activities
- European Innovation Partnerships (operational groups)
- Investments on infrastructures to connect rural areas to urban centres
- Development of short supply chains/local markets

- Member States' responsibility to define **National Strategic Plans** with relevant measures
- Commissions' approval of the plans (June 2022)
